

ARYAN RATHOD

Gujarat, India | 9316688014 | aryan@optenary.tech | <https://github.com/rathodaryan1> | <https://www.linkedin.com/in/rathodaryan/>

Computer Engineering student and Full Stack Developer focused on building production-ready web applications, custom e-commerce platforms, business software, and AI-powered solutions. Experienced with React, Next.js, TypeScript, Supabase, PostgreSQL, REST APIs, authentication, payment integration, deployment, and responsive UI development. Founder of Optenary, working on real-world client projects and digital products from concept and interface design through development, integration, testing, and deployment.

TECHNICAL ARSENAL

Languages:	Java (OOP), Python, C, JavaScript, TypeScript, SQL
Core CS:	Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems
Web Dev:	React.js, HTML5, CSS3
Databases & BaaS:	Supabase, Firebase, MySQL
Tools & Deployment:	Git, GitHub, Vercel, Google Gemini API,

EXPERIENCE & EDUCATION

Optenary Founder & CEO — Optenary - Founded Optenary to build websites, e-commerce platforms, custom software, and AI-powered digital solutions. - Lead real-world projects from UI design and development to integrations, testing, deployment, and delivery.	2024 - Present
R.C. Technical Institute Studying Data Structures, Database Management, Computer Networks, Operating Systems, Information Security, IoT, and Web Development. Applying technical concepts through practical software projects, web applications, databases, and development work.	2024 - 2027

KEY PROJECTS (PROOF OF WORK)

Mehta Dairy — Custom E-Commerce Platform mehtadairy.com - Developed a custom e-commerce platform with product catalogue, checkout, and customer accounts. - Integrated Razorpay, order management, delivery, and admin dashboard. Tech Stack: Next.js, TypeScript, Supabase, Razorpay	Aug 2026
Shree Enterprise — B2B Corporate Website shreeenterprisebhavnagar.com - Developed a responsive website for an industrial fire protection company. - Built product, service, enquiry, and SEO-focused sections. Tech Stack: Next.js, TypeScript, Tailwind CSS	May 2024
Aryan Rathod — Personal Portfolio aryanrathod.is-a.dev - Designed and developed a modern responsive developer portfolio. - Showcases projects, skills, experience, education, and Optenary. Tech Stack: Next.js, TypeScript, Tailwind CSS	Aug 2026

CERTIFICATIONS & ACHIEVEMENTS

- Introduction to AI Concepts:** Learned fundamental AI concepts, intelligent systems, machine learning basics, and real-world applications of Artificial Intelligence through Microsoft Learn (2024).
- Introduction to Machine Learning:** Learned core machine learning concepts, data preparation, model training, and basic ML applications through Microsoft Learn (2024).
- Introduction to Generative AI:** Learned the fundamentals of Generative AI, AI-generated content, large language models, and practical GenAI applications through GUVI HCL (2024).
- Generative AI 101 – Build the AI Edge for 2026:** Learned Generative AI concepts, prompt engineering, AI tools, emerging technologies, and practical applications through GUVI (October 2025).
- UI/UX Design Career:** Learned UI/UX fundamentals, user-centered design, interface principles, design workflows, and career practices through GUVI (April 2026).
- Data Analytics Intern — Infolabz:** Completed a Data Analytics internship focused on data cleaning, analysis, visualization, and extracting meaningful insights from datasets.
